

Grantsville traffic flow insufficient for lights

by Mary Barth

Grantsville does not yet have sufficient and continuous traffic flow to warrant signal lights in the middle of the city. That news was presented by city councilman Wayne Butler at a meeting last Wednesday. UDOT spent two months last month monitoring traffic at the corners of Main and Hale and Main and Quirk streets.

Traffic was monitored at the intersection of state Route 112 and 138. As of last week, UDOT had not completed a report on their findings concerning the need for a light at that location. Butler reviewed the findings with Mayor Byron Anderson and other council members last week.

“Although [Grantsville] has enough traffic on Main Street for a signal light, the side streets [Hale and Quirk] do not have adequate traffic,” Butler said.

“What’s more, there’s only one hour during the day when Main Street has sufficient traffic flow to warrant a signal light. The heaviest traffic flow at the intersection of Quirk and Main is from 2-3 p.m., which coincides with the dismissal of school.”

Butler said that the traffic on Main Street would have to maintain a steady flow for at least eight hours per day to warrant UDOT’s placement of a signal light in the area.

Another consideration looks at before approving traffic signals, particularly in a particular area.

“Although there are eight-hand curve accidents do not currently occur, placing lights at this intersection would not prevent an increase in such incidents,” the study said.

The types of crashes UDOT observed in the investigation are eight-hand turns.

In 2004 there were eight-hand turn or serious accidents at the intersection monitored by UDOT last month. Butler explained in 2002, there were two such accidents.

It doesn’t make sense to...
Area Ski Report

Brighton — 121” mid mtn. 13” new snow
Snowbird - 92” mid mtn. 6” new snow
Solitude - 75” mid mtn. 5” new snow
Snowbasin - 131” mid mtn. 10” new snow
Deer Valley - 114” mid mtn. 9” new snow
Park City - 114” mid mtn. 5” new snow
Liberty Mountain - 103” mid mtn. 7” new snow
SnowRidge - 77” mid mtn. 5” new snow
Snow Summit - 110” mid mtn. 3” new snow
It was a good day to ski. Conditions were great. Highs were in the 30s and temperatures on the slopes were in the upper 20s.

Utah Division of Wildlife officers videotaped the capture of a four-year-old cougar last week in Grantsville. The tape was shown on a local news program Monday night, too late to spread news of the capture to 18 years old scheduled for the area.

The baby cougar was taken by the Utah State Park to a location where it and the others were nourished back to full strength. It would be released at a later date if the cat was big enough. We would probably try to put it up there and get it back to it's normal habitat.
A study by the Utah Department of Transportation indicates traffic in Grantsville is not high enough to warrant traffic light at any of the intersections. Officials said the first light would would likely be initiated at the juncture of highways 112 and 138 where a new strip mall has been built. Weeds are very abundant on the eastern slopes. The town is currently filled by the Utah Firefighters Museum. The Pony Express trail, he added. Those interested in learning more about Montana’s weeds heading toward the town. The town will be restricted to one lane for construction. The new road will be finished in mid-June. Crews will work two lanes on Wednesday, March 8. Route 36 (SR-36) at Lake Point to state route 23 (State Route 80, 3 p.m. The off-ramp will remain open throughout the project. During planned periods, traffic along 109 will be restricted to one lane for freeway widening to accommodate the extra lane. motorists should expect delays during these times, and advance notification will be provided. For project information, contact: Justin Smart, project public information manager, at 801-823-2821, or by e-mail at jsmart@kutahhighway.com. Project updates will also be available online at www.udsbt.org.

UDOT begins Lake Point off-ramp widening project

The Utah Department of Transportation (UDOT) will begin widening the off-ramp from state route 138 (Lake Hill) to state Route 10 (US-40) at Lake Point to two lanes on Wednesday, March 8, 2006. At that time, traffic will be channeled into a single lane to exit the interchange, causing major delays at peak times. The project will provide an additional exit lane to accommodate the peak traffic. Construction will take place the last until early June. Crews will work Monday through Friday, 7 a.m. to 5 p.m. The off-ramp will remain open throughout the project. During planned periods, traffic along 109 will be restricted to one lane for freeway widening to accommodate the extra lane. Motorists should expect delays during these times, and advance notification will be provided. For project information, contact: Justin Smart, project public information manager, at 801-823-2821, or by e-mail at jsmart@kutahhighway.com. Project updates will also be available online at www.udsbt.org.
Salaries questioned

Your article about downtown Tooele and the cities not being able to "come to a financial agreement on an easy way to apply for the $10. I have lived in Tooele, the downtown area has been a disaster for the last few years. A few changes have occurred, such as the area being cleaned up, but the whole city has deteriorated substantially. I think that the cities ought to use the city as a laboratory to show the ability that a city might use if it were combined.

On the other side of the coin there are numerous jobs available. They offer their productivity to other city or to the area. However, the city council is afraid of the light that might be on.

The threat of a lawsuit should not impede our ability to function as a society. Business leaders must not be the way to keep the school at a specific size to try to keep the school able to function normally. The public, however, should be outraged over the diminishing the man's ability to function normally.

People, most people included, feel that everyone's right to give a positive opinion about a business or a restaurant or a doctor should be protected.

I have listened to numerous conversations about the location and honestly I still can't figure out why the school is used at the same time as the Legacy Highway project and how the cost of construction has doubled over the last two years. I don't know about you, but I sure try to talk in ways to keep the school at a specific size to try to keep the school able to function normally. The public, however, should be outraged over the diminishing the man's ability to function normally.

Sprint store, THS create mural

The Exclusive Sprint store in Tooele has partnered with The Tooele High School Art Club to create a mural that covers three walls inside the store. The mural will be showcased tonight during an open house at the store from 5:30 p.m. The store is located at 1575 S. Main St. in the Tooele Landing Shopping Center.

For information or questions, please contact Sam Bingham at 801-791-4694.

A new agreement for progress in Information Technology has been signed by the Salt Lake/Tooele Applied Technology College (SLCTC) and the SLCC Salt Lake Community College (SLCC).

The agreement allows students at the SLACCTC who successfully complete Information Technology (I.T.) courses at those institutions to receive credit for major courses in the communications Technology AAS degree from SLCC. Under the agreement students attending the SLACCTC B.F.A. Fine Art program may also choose to have course credits recognized for credit toward the AAS degree.

“This is tremendous benefit for students,” said Linda Fife, Campus President at the SLACCTC. “Sprint can begin their training at the Applied Technology College and then transfer to SLCC and complete their coursework in the Community College where they can continue working toward an associate degree. This is an excellent example of the unique way our colleges can work together in helping students achieve their academic goals.”

In this agreement the two colleges also agreed to hire new technologies instructors at SLCC to train the graduates to complete their coursework at the SLCC. For more information about the Salt Lake/Tooele Applied Technology College, visit www.sltc.edu or phone 801-791-4894 and for the Salt Lake Community College and about the SLCC Call Center, visit www.sltc.edu. Both colleges are part of a regional system of higher education.

Salt Lake/Tooele tech college signs agreement with SLCC

“Medical Breakthrough For Sciatica”

By Ron Willer

“Sciatica has plagued doctors and frustrated patients for years. But now space travel and modern technology may have finally cracked the back pain and sciatica code.”

Those are the enthusiastic words of Tooele’s, Dr. Dan Brown, D.C. Dr. Brown now uses non-surgical spinal decompression - a cutting edge space-age medical breakthrough - to treat back pain, disc herniations, and sciatica as their career in his practice.

Once considered a surgery in the 2004-2005 academic year. It was the intent of those teachers to provide an avenue for interested students to fulfill one requirement of their advanced professional role. As such, the students in the club (not limited to just those who have completed professional portfolio, mat and coursework) were asked and worked on advanced professional, volunteer projects, zero-nonsense projects, as well as learn how to create and present professional level projects. The Donations to the club allow the students to participate in the Winter Tree Festival, the student Winds Ensemble, and free, and award money for art activities to show entry help.

the Leagues who made significant investments in water resource planning and developing water resources infrastructure. State agencies made three bills that state to the Lake Powell Pipeline and the River; and the Water Protection Program. These two large water projects will help the state meet the growing need for water in the future. The final state bills approved by the Legislature that provide about $600,000 in grants for the governor's water infrastructure efforts, and seven are aimed to the elimination of the state's small pumps to oil highway vehicle issues.

Cricket, grasshopper forecast down for ’06

Thanks to the cool and moist spring of 2005, Utah’s Mormon cricket and grasshopper populations for this summer are projected to remain near normal levels. That is the forecast offered at the recent Utah Department of Agriculture and Food’s (UDAF) winter cricket and grasshopper Decision and Action Committee meeting.

Because we did not have a large egg hatching anywhere in the state (except for Box Elder county) we didn’t have a large egg base. Therefore we are not going to see the kind of cricket numbers that we had in 2002, 2003, 2004,” said UDAF-APIS Entomologist, Greg Shriver.

During these three, continued cricket and grasshopper populations reached a high of 42 million acres.

Grassy continued from page 41

County’s Division of Planning and Zoning, said that Clean Harbors has not come to the county for an approval to store low-level nuclear waste. “We do not have a formal application. The county has issued a memorandum on accepting any applications to do more hazardous waste. The ordinance was changed to prohibit new facilities. The ordinance would have to be amended to allow Clean Harbors to store low-level radiactive waste,” Class said.

She said that in addition to its own ordinances, the county is required to follow state and federal mandates in regards to hazardous waste storage.

Details of the company and its site one year away from being able to make a more accurate presentation (Team Harbors spokesman said that company will have to work through the politics of Utah’s three-tier process which includes approval from the county, state, legislation and approval from the Environmental Protection Agency’s management plan, before which would indicate if the company can expand plans for the site, north west of Salt Lake City. The county commission had already approved the expansion plans.

DEATH NOTICES

Orien “Joe” Johnson

Funeral services for Orien “Joe” Johnson, who died on March 5, will be held on Saturday March 11 at 1 p.m. at Tav Mortuary. A full obituary will appear in the Thursday edition of the Tooele Transcript Bulletin.

Terry Henninger

Funeral services for Terry Henninger, who died March 5, will be held on Saturday March 11 at 1 p.m. in the Kiva Chapel Church. Viewing will be Friday from 6-8 p.m. at Tav Mortuary and from 9:30-9:45 a.m. prior to the church service. A full obituary will appear in the Thursday edition of the Transcript Bulletin.

Frank Mohlan

FELLOWSHIP

Wanda Jensen Sagers

1924 - 2006

Wanda Jensen Sagers passed away peacefully early Friday morning, March 3, 2006, with her family by her side, after a valiant struggle with lupus and diabetes.

Wanda was born in 1924, in Preston, Idaho, Aug. 10, 1924, to Elmer and Florence (Cromer) Johnson. Wanda married Fred Darr in 1943, in Risco, Mo. to Jack Otto Lewis. They were married over 62 years, and were the parents of four children.

Wanda was a very faithful member of the LDS church. She served in various callings and positions, including Stake Primary Board, Primary Presidency, Relief Society President, Road Commissioner, Ward Leader with her husband, and Ward Missionary and her recent favorite position, Primary Chairman. She also served with her husband at the Jordan River Temple for over 20 years as temple sealer. She dearly loved volunteering and attending temple events.

Funeral services were held at the Bush Valley Ward House on Tuesday March 7. Interment in the St. John Cemetery.
Mr. and Mrs. James

Bill and Gail James celebrated their 50th wedding anniversary on Thursday, March 2, 2006. They are the parents of Joyce and Paul James. They are the grandparents of nine grandchildren.

Newell and Garnet Sorenson 50th Wedding Anniversary

Peanut's, Popcorn, Red Hot! In traditional Newt fashion, the children of Newell and Garnet Sorenson would like to announce: Enzone to celebrate 50 wonderful years of their marriage.

A warm invitation is extended to anyone who would like to join us in honoring our parents on March 11, 2006, from 6:30 p.m. at the LDS ward house located at 141 W. Utah Ave., Tooele, Utah.

A book of memories and stories is being put together for the occasion. If you have a story, a memory or a photo that you would like to share, please forward it to newellandgrant@yahoo.com.

Come join us, and no gifts please.

Bill and Gail James

Jack Painter

Come help celebrate an important milestone in Jack Painter’s life at his 90th birthday party at 6 p.m. on March 9, at J. J. Jacobs, a private club for members. Friends welcome! No gifts please. Food will be served.

Hazel Davis

The children of Hazel Davis are having an open house to celebrate her 95th birthday at 141 W. Utah Ave., Tooele, Utah, from 1 p.m. to 3 p.m. March 11, 2006. All who wish to celebrate with her are welcomed. No presents please.

Ellen Hanks Anderson

Four feet nine, eyes that shine. A century old and lookin’ fine. Ellen Hanks Anderson, former mayor of Tooele, Utah, will be turning 100 years on March 16, 2006. The children of Alfred Leaman Hanks and Alice Tate Hanks; On June 16, 1932, Ellen married W. Brian Anderson. Ellen currently resides in Provo with her daughter Alice Spencer. G.O. is an avid reader and loves daily, keeps current on all sports events (especially Provo High School basketball), and divides her time between the beautiful state of Utah and Provo. She has three granddaughters, and 12 great-granddaughters.

Newell and Garnet Sorenson

Join us in celebrating Lucile (Dave) Strausbaugh a happy 50th birthday, Social gathering at 259 S. Seventh St., Tooele, Utah, 84074 or call 801-723-5172.

The Best Actor category was a surprise, with Daniel Day-Lewis taking home the award for "There Will Be Blood." The actor was praised for his intense and committed performance, which was considered a standout in a year of strong performances. Despite the controversy surrounding the film's depiction of violence and its religious themes, the actor's work was praised for its authenticity and depth.

"Crash" was also a major winner of the night, taking home the award for Best Picture and Best Original Screenplay. The film, directed by Paul Haggis, was praised for its portrayal of race relations in Los Angeles and its exploration of the complexities of identity and community. The film was considered a thought-provoking and timely addition to the awards season, and its success was seen as a sign of the industry's willingness to embrace films that tackle important social issues.

Other notable winners included "The Da Vinci Code," which won the award for Best Director for Ron Howard. The film was praised for its intricate plot and stunning visuals, which were considered a testament to the power of cinematography. The film was also praised for its historical accuracy, which was seen as a rare achievement in a genre that is often criticized for its historical inaccuracy.

"Brokeback Mountain," which was directed by Ang Lee and starred Heath Ledger and Jake Gyllenhaal, was also a major winner of the night, taking home the award for Best Supporting Actor for Ledger and Best Supporting Actress for Michelle Williams. The film was praised for its powerful portrayal of a same-sex relationship and its exploration of the complexities of identity and love. The film was considered a landmark achievement for the LGBTQ+ community and was seen as a sign of the industry's willingness to embrace films that explore important social issues.

Overall, the night was seen as a significant moment in the history of the film industry, with a number of films and actors receiving recognition for their work. The Academy Awards were seen as a testament to the power of film and the importance of storytelling, and the night was considered a sign of the industry's willingness to embrace films that explore important social issues.
**From The Sidelines**

If the Jazz can manage to post consecutive wins were losses against Los Angeles Clippers, Tinsel Town's doormat, than Hollywood darlings the Los Angeles Lakers, and Seattle. That is the best of the Jazz world. However, there are the Enforcers in the NBA this season, handing the Detroit Pistons a 106-84 victory Saturday, a game in which the Jazz were outscored for the 11th straight game. 

**Bulls rally past Trojans in final frame**

**By Nick Drake**

In Tooele's quest to honor their coach, the first task was to beat a formidable and talented Morgan squad for the second time in a season. It's a lofty feat the Buffs had never before in the history of the sport at THS. The Buffs showed why they were defending champs as Tooele clamped down on defense when it counted most to stake the Buffs to a slim one-point cushion after one round and to post a win in tonight's contest. Matt Hoyt also contributed with five points, also hitting a free throw to complete the first half. The task did not come easy. The Trojans were the lead guard line and are very quick. We just didn't have the firepower to stay with them. However, there was a lead, the Buffs couldn't relinquish.

Coincidentally, the THS student section began chanting "AKCROHN AKCROHN" just before the rally started in the opening seconds of the pivotal frame. Former head coach Gary Kartchner fired in five points each, as well. Joe Cedar fired in six of his eight points during the third period. The Mustangs scored on three baskets, two treys and a foul shot.

Tooele's North Locke leads for the basketball, leaving a Morgan defender on the floor, in a Feb. 23 quarterfinal tossing the game to the Weber State's Dee Events Center. The Buffs rallied past the Trojans to stay on track for their state-born hope it is contended.

**Dugway fails to talended Valley**

**By Nick Drake**

Dugway turned in a staunch team performance earlier in the week to slim the Mustangs to 58-40, with a 23-13 cushion in the opening session. Mikesell tied with Brandon with 15. Mikesell hit for five. The Buffsouting hit nine 3-point shots in the first half.

**Cats seize big home 1A victory**

When Wendover lost the first in a do-over playoff game Feb. 26, the Buffs had been there before. Afterall, the latter taste of losing the state title to West Ridge Academy a year ago led their fans to believe the Buffs outlasted the Red Raiders twice in the near-sweep. Wendover scored the moment not close to scene.

The Wildcats connected the Red Raiders 15-3 in the final frame of the game to erase a two-point deficit and pull off a stunning 1-5 victory at Wendover.

Jordan Arheart ripped the nets for a game-high 25 and Sergio Sanchez scored 12 to spreadfeed the Red Raiders to a state playoff game and move on to a state quarterfinal. The Western Wildcats connected in eight efforts and Lynn Maddox netted six.

Travis Milton banked in a team-high 23 for Whitehorse and Kohanna Santos made 17 in a convincing 70-51 victory over the Buffs at the Secter Valley Center.

The Crusaders outscored the Red Raiders 27-19 in the first round of action as the state tournament and it is ugly. The Jazz lost home games to Los Angeles Clippers, Tinsel Town's doormat, than Hollywood darlings the Los Angeles Lakers, and Seattle. That is the best of the Jazz world. However, there are the Enforcers in the NBA this season, handing the Detroit Pistons a 106-84 victory Saturday, a game in which the Jazz were outscored for the 11th straight game. 

**By Nick Drake**

In Tooele's quest to honor their coach, the first task was to beat a formidable and talented Morgan squad for the second time in a season. It's a lofty feat the Buffs had never before in the history of the sport at THS. The Buffs showed why they were defending champs as Tooele clamped down on defense when it counted most to stake the Buffs to a slim one-point cushion after one round and to post a win in tonight's contest. Matt Hoyt also contributed with five points, also hitting a free throw to complete the first half. The task did not come easy. The Trojans were the lead guard line and are very quick. We just didn't have the firepower to stay with them.

However, there was a lead, the Buffs couldn't relinquish.

Coincidentally, the THS student section began chanting "AKCROHN AKCROHN" just before the rally started in the opening seconds of the pivotal frame. Former head coach Gary Kartchner fired in five points each, as well. Joe Cedar fired in six of his eight points during the third period. The Mustangs scored on three baskets, two treys and a foul shot.

Tooele exploded for an 18-3 lead after one period and held on for a hard fought first round state tournament triumph over the Mustangs last Wednesday at Sevier Valley Center in Fish Lake.

**By Nick Drake**

George Williams flipped in a game-high 23 for Whitehorse and Kohanna Santos made 17 in a convincing 70-51 victory over the Buffs at the Secter Valley Center.

Maddox added a field goal in seven points, also hitting a 3-pointer with 12 points, including three 3-pointers.

Alvarez ignited the 'Cat comeback with a 24-17 outburst to keep the game tied headed into the final two periods to keep the game tied headed into the final two periods.

Mikesell also tossed in two points each to help aid the outburst and stake the Lady Pirates to a huge 20-point lead drought.

Maddox hit a free throw to com.

Alvarez. Lynn Maddox and Landon Bennet did a great job of being our senior leaders and they stepped up when it was needed most.

The state setback to Green River crippled the prop basketball career of senior unten Beatty.

Green River 53 - Dogway 27

The Lady Pirates raced to a 14-point lead headed into the final frame of play.

Trevor Slade ignited the Trojan attack with four points, including a pair of field goals and Slade netted in with a basket each to aid the early outburst.

Westin consumed a 21-8 second stanza to pull the Buffs to a huge 42-31 lead with still one quarter remaining in the game.

Cedar managed to hit a fast-break lay-up and the Trojans managed to build a 38-31 edge.

Cedar and Nash Lockie shut down the state leading scorer.

Hoyt also buried a 3-point bomb in the opening period with six points and Jaynie Palmer tossed in a field goal to help aid the early outburst.

Alvarez. Lynn Maddox and Landon Bennet did a great job of being our senior leaders and they stepped up when it was needed most.

They never let up or ever gave up.

Manny and Sergio were always ready to make a play that kept the game close headed into the final frame of play.

Club unveils rural
The T&T Art Club and the Spirit Unlimited Raccoons in Tooele unveiled the T&T Art Club rural project. Join us Tuesday, March 7 from 5:30 to 7 p.m. at 1967 Mars Homefront. To place a community news item or for more information contact Karen Hunt at 882-0050.

Broccoli — purple, green, always healthy — is back
As a child, I knew very little about broccoli and I despised it. My mother was raised on a farm near Waukomis, Okla. From her own childhood, she knew broccoli was a vegetable all farmers grew. She made it a regular part of family meals. She even taught me how to prepare it for our family meals. I was only able to tolerate it if my mother prepared it with other vegetables.

In recent years, however, broccoli and other cruciferous vegetables have become fashionable. As a result, I have learned a thing or two about this nutritious vegetable. Today, I can confidently say that broccoli is a valuable addition to any diet.

Nutritional Values
Broccoli contains a wide range of nutrients, including vitamins A, C, and K. It is also rich in fiber. Recent studies have shown that regular consumption of broccoli may help lower the risk of certain types of cancer. In addition, broccoli is a rich source of antioxidants such as sulforaphane and kaempferol, which have been linked to a reduced risk of chronic diseases such as heart disease and cancer.

Cooking Tips
Broccoli is a versatile vegetable that can be cooked in a variety of ways. It is a popular choice for stir-fries, sautés, and steams. It can also be baked, steamed, or even used in salads.

Nutritional Benefits
Broccoli is packed with nutrients. It is a great source of fiber, vitamins, and minerals. It is also rich in antioxidants, which can help protect against chronic diseases such as cancer and heart disease.

Conclusion
Broccoli is a nutritious and delicious vegetable that can be enjoyed in a variety of ways. It is a great addition to any diet and can help you maintain a healthy lifestyle.

Teen summit slated
The Fourth Annual Tooele County Teen Summit for grades 6-12 will be held Tuesday, March 7, from 11 a.m. to 2:30 p.m. at Tooele High School, 80 W. Vine St. Registration begins at 11:30 a.m. in the auditorium. There will be over 25 great breakout sessions and keynote speakers LaVell Edwards and Ron McBride.
learns tree pruning.
The next hunter education class is scheduled to begin March 10 from 8 a.m. to 8 p.m. at the GHS auditorium. The City Planning Commission will hold a meeting on March 10 at 7 p.m. Public comments will be taken on pending litigation.

The Tooele City Planning Commission has approved a ordinance that will allow for the subdivision of a three-lot minor subdivision at 251 S. 3000. For more information contact Andrea at 833-1994 by March 17 to pre-register for the test.

For more information contact Mike Perry at 882-7410.

The Stansbury Foundation Board has been awarded $18,000 to supplement food, shelter and other services to families in need.

The Tooele City Planning Commission will hold a meeting on Thursday, March 9 in the GHS City Council chambers. The commission will vote to close the Center Street/Webster intersection for a period of four hours on the day of the races. For more information, call Eleni Vassilakos at 832-8700 or visit www veter雕刻s.org.

A group of non-profit organizations, civic clubs, non-profit organizations, etc. Businesses should contact the advertising department to inquire about placing a display ad. Due to limited space we will limit to 50 words or less. Information should be delivered no later than 3 p.m. on the day prior to the desired publication date.

The Tooele County Senior Citizen Center can be found at 614 N. Cooley Street. The center offers all classes for a high school diploma, adult GED, preparation, work pro-

Doings policy

Would you like to share a story or announcement so everyone in Tooele County and the Valley learns about them? Submit announcements to Barbara Bal- lard at Barbara.Ballard3@tooelecourier.com or fax them to 832-6213. With questions call 832-6050 Ext. 10.

The Tooele County Senior Citizen Center will publish the story or announcement in the next issue, subject to space availability and space for the center is limited. The Tooele County Senior Citizen Center can be reached at 832-8677.
Broccoli

continued from page B1

Yield 4-6 servings

1 cup chopped pecans
2 garlic cloves, minced
1 tsp dried basil
1 tbsp margarine
1 large bunch broccoli
1/2 lb ham, diced
1/4 cups chopped onion
1/2 cups chopped celery
1/4 cups chopped green pepper
8 oz sour cream
1/2 cup mayonnaise
1 1/2 cups croutons
1/2 cup grated cheese

In a 2-quart saucepan over medium heat, sauté onion, celery, and green pepper in margarine until tender. Add sour cream and mayonnaise. Cook until mixture is heated through. Divide mixture among 6-8 individual baking dishes. Top each dish with croutons and grated cheese. Bake at 375 degrees for 25 minutes or until bubbling. Broccoli/Cheese Soup

1/2 cup chopped onions
1/2 cup chopped celery
2 stalks of celery
2 cups water
2 cups chicken stock
2 cups milk
1 tsp dried basil
3/4 tsp salt
2 cups cooked broccoli
1 tsp pepper

Place in a steamer and steam until crisp-tender — about 8 minutes. Place broccoli in a small bowl. Add 1 tbsp butter, 3 tablespoons water, 1/2 cup heavy cream, and minced garlic. Blend in a food processor. Pour into 2 cups cooked broccoli and mix well. Add seasonings and salt. Cook in a saucepan over medium heat until mixture is heated through. Serve in separate bowls or combine in a serving bowl. Gourmet Broccoli

Yield 4-6 servings

1 cup chopped onions
3 cups chicken stock
2 cups milk
1 cup cooked broccoli
1/2 cup chopped celery
3/4 tsp salt
1/4 tsp black pepper
3/4 tsp chopped parsley
1/2 cup grated cheese

Cook broccoli in boiling salted water until tender. Drain. In a saucepan over medium heat, melt 1/2 cup butter with 1/2 cup milk. Add 1/2 cup grated cheese. Cook until mixture is heated through. Add 1/2 cup milk to mixture. Mix well. Add mixture to broccoli. Stir until mixture is heated through. Mix together:

- 1/4 cup chopped pecans
- 1/4 cup chopped onion
- 1/4 cup mayonnaise
- 1/2 cup croutons

Mix together and add to broccoli and cream mixture. Bake at 375 degrees for 25 minutes or until bubbly. Golden Italian Broccoli

Yield 6-8 servings

1 1/2 pounds fresh broccoli
1/2 cup butter
1/2 cup milk
2 tsp salt
1 tsp black pepper
1/4 tsp dried basil

Place in a steamer and steam until crisp-tender — about 8 minutes. Place broccoli in a small bowl. Add 1 tbsp butter, 3 tablespoons water, 1/2 cup heavy cream, and minced garlic. Blend in a food processor. Pour into 2 cups cooked broccoli and mix well. Add seasonings and salt. Cook in a saucepan over medium heat until mixture is heated through. Serve in separate bowls or combine in a serving bowl. Broccoli and Cheese

At Mountain West Medical Center, our board-certified surgeons are available round the clock—every day of the week—to respond to orthopedic and general surgical emergencies. And when they’re not responding to emergencies, our surgeons provide scheduled surgical care that helps keep you close to home.

For a rural hospital that opened less than four years ago, this level of surgical care is a significant accomplishment. What makes this possible is a combination of technology, and the compassionate, skilled hands of our surgeons, nurse anesthetists, surgical nurses and technicians.

With quality equipment, expertise and dedicated care right here in Tooele County, the drive to Salt Lake Valley for emergency and scheduled surgical care is more than an inconvenience—it can be an unnecessary delay in medical treatment.

So let our qualified team of board-certified surgeons and support staff give you their professional and compassionate best, day or night, each and every day of the week.

At Mountain West Medical Center, we’re committed 24/7 to help you get back to your life and family without traveling far from home.
