New Native American Heritage event ready for Monday premier

Weather

SEVEN-DAY FORECAST FOR TOOELESUN AND MOON
Mostly sunny and mild

Home prices and sales increased in the first quarter of 2014. The increase marks the fourth consecutive year Tooele County homes have seen an increase both in price and sales of homes.

Plot sale moratorium ends at farm

a new legal “gray area,” the council decided to abandon the moratorium — with the understanding the city would have to approve any plot sales at the Clark Historic Farm.

“Right now we don’t need a moratorium because we’re not going to start selling them, and the plan is to not sell them until we sell section 6.5 to section 3,” Stice said.

Along with the moratorium, however, the council discussed the possibility of selling a portion of the property.

The property known as the Clark Historic Farm was purchased by the 2006 by Granite City in three chunks for $115,000. It was once owned by J. Reuben Clark Jr., an LDS apostle and former U.S. ambassador to Mexico.

In 2009, a 3.4-acre parcel immediately north of the house and other buildings, was designated to be the city’s cemetery expansion when its present concrete wall located across the street from Granville’s tennis highlight of GHG fall sports season

The first ceremony, which will take place at the Dow James Building at 9 a.m., the college plans to have a ceremonial planting of a willow tree to honor local veterans.

By Tim Gillie

More homes are being sold in Tooele County in 2014 and they are selling at higher prices, according to local real estate data.

The third-quarter of 2014 marked the fourth consecutive increase in third quarter homes sold and the third consecutive increase in median sale price of homes for real estate during the third quarter in Tooele County, according to the Wasatch Front Multiple Listing Service.

There were 261 single-family homes sold in Tooele County in the three months of the third quarter of 2014 compared to 236 sold during the third quarter of 2013. That is a 10.3 percent increase.

The median sales price of those 261 homes sold in the third quarter of 2014 was $277,000 compared to $225,456 in the third quarter of 2013. The difference is a 24.2 percent increase.

“Confidence in the local economy is improving and we are seeing people selling their old homes to move up into larger homes again,” said Vicki Griffith, Sotheby’s Utah Premier Real Estate.

Residents have also started buying blocks of building lots instead of single lots, according to Griffith.

Grantsville FFA bringing new talent to fundraising concert

By Emma Penrod

After years of featuring the Bar J Wranglers, the Grantsville FFA chapter will feature a new artist for its 2014 fundraiser event, set to take place at 5:30 p.m. in the Stockton Mines Cafe. A concert by country singer-songwriter Brenn Hill.

Ed Johnson, advisor to the Grantsville FFA, said they decided to go with a new artist after a mutual agreement with the Bar J Wranglers that it was time to bring in a new artist. Johnson said dinner will be served at 5:30 p.m., with the concert beginning at 7 p.m. Tickets, which may be bought at Monkey Valley, Hays Oil or South Fork Hardware, cost $25 for dinner and concert, $15 for the concert, or $25 for dinner only.

Profits from the event will be used for leadership scholarships and leadership opportunities for the Grantsville FFA, a high school agricultural club with about 100 members.

In addition to other activities, the fundraiser will include a grand prize package,

Vaughn accepts community news editor seat at Transcript Bulletin

Daron Vaughn is the new community news editor for the Tooele Transcript Bulletin. He replaced Tami Stucki, who became the Deseret News regional sports editor last month after Mark Wagoner accepted an identical position in Vermont.

While editing community news, Vaughn will also write about sports and contribute to the sports section. Before joining the Transcript Bulletin, Vaughn graduated with a bachelor of arts in journalism from Southern Utah University. He has been the sports editor for the Antelope Valley Press, a daily newspaper in Palmdale, California, where he began as an intern in 2006.

Prior to that, Vaughn was a sports writer for the Daily Times in Farmington, New Mexico, from 2004-2010, sports

TATC’s first ‘Student of the Year’ an aspiring registered nurse

By Tenille Collie

With her clinical medical assistant certificate in hand from Tooele Applied Technology College, Wanda Held has two jobs working for her family.

Held is TATC’s first student of the year. She was recognized at a TATC banquet on Wednesday and was given a $1,000 cash award.

The cash award is sponsored by Tooele Community Bank, and was presented to her by Dean Johnson, branch manager of the Sunnyside Branch.

TATC helped lead her life back together after she was struck by tragedy two years ago.

Held straggled back to tears as she described the sequence of events that led her to attend TATC.

“I went to bed New Year’s Eve 2012 thinking I had the perfect life,” she said.

Held had a husband she loved, she had wonderful children, a beautiful home and a job she enjoyed. She never thought something would happen to her, she said.

But the next morning, things changed fast for her.

“I woke up New Year’s Day 2013 to a life I did not recognize,” she said. “I found myself a single mother of three; grief-stricken children, a mortgage that was months unpaid, my bank accounts were cleared out, and my husband had disappeared.”

Shortly after New Year’s Day, Held found herself in a fight for her life that required necessary time away. After her recovery, she returned to work only to find out that her job was going to be eliminated.

With no formal training to start a new career, she was moved down for one job after another.

The stress of worrying about how to feed her children and keep a roof over their heads sent her into deep despair.

But one day while cleaning her daughter’s bedroom, she heard an advertisement for TATC.

“They claimed that I would be able to get my certification in medical assisting and get back to work by the end of that school,” she said.

Held earned her CMA certification in 10 months while working part-time because of the college’s flexible hours, she said. She was able to finish her career when her children needed her.

Held was selected from a pool of 11 applicants as TATC’s first student of the year by a committee comprised of TATC leaders.

As student of the year, Held will be an official ambassador of the college and participate in community events to promote the school.

When Held, TATC’s board of directors, told Held that she is the reason why we have this school in our community.

Held said she will use the $1,000 from Tooele Community Bank that she received in her education to continue her education.

TATC was created in July 2009 by the Utah Legislature as a regional campus of the Utah Applied Technology College. It is one of eight regional campuses that are part of the UATC system. The other seven campuses are located in Logan, Kayville, St. George, Ogden, Cedar City and Blanding.

Programs at TATC are career-focused and may be partially or fully supported by grants designed for individual student needs. Many programs are offered in a flexible open-semester, part-time format, which allows students to progress at their own pace.
School staffs learn about bullying, high-tech

by Tom Gallo

Students in the Tooele County School District may have learned about bullying in school on Halloween, but teachers and staff attended a day-long training focused on technology in the classroom. The training was held October 31st.

The Tooele Education Support Professional Association held an anti-bullying training for members on Oct. 31 at Stansbury High School. TESPA members include para-professionals, custodians, maintenance staff, IT staff, media aides, bus drivers, secretaries, cooks, mechanics, clerks and lunchroom workers.

The TESPA training started with a panel discussion in the Tooele High School auditorium. Panelists included state Senator Daniel Thatcher, custodians, maintenance workers, TESPA Executive Director Bryan Spanger, Marvaa Marnex, Tooele County School Board president; Robert Gramm, TCSO Elementary Counseling coordinator; and TDS's President Mike Garcia.

After the panel discussion, the attendees went into small group discussions in classrooms to learn about how to recognize and respond to bullying.

The training was designed to help school support staff understand what bullying is, what bullying looks like, and what to do about bullying when they see it.

“Our members are in a position to see bullying in places that are not seen by teachers and other school staff,” said Bain. “A bus driver might observe bullying on a bus or in lunch room staff might see something in the cafeteria.”

Also on Oct. 31, teachers attended the district’s first Techtober fest, a day-long training on using technology in the classroom. Techtoberfest was held at Stansbury High School.

“Techtoberfest will be an annual technology-rich training event, according to Scott Rogers, Tooele County School District superintendents. Presenters at Techtoberfest included teachers, district staff and outside experts.

The keynote speaker for the training event was Joe Mikosch, a technology education director from Cottage, Oregon.

There were 50 different small group training sessions that included presentations on how to integrate student electronic devices in instructional plans, using digital games for instruction, and the use of interactive whiteboard and other hardware and software available to teachers.

Teachers shared apps that make both teaching and administrating education easier and learned how to use Google drive to prepare and distribute documents to students.

“Techtoberfest was very successful,” Rogers said. “Teachers learned how to use technology to create a rich and diverse classroom to improve student learning.”

Stansbury High drama to open season with Shakespeare comedy

Stansbury High drama students perform last year’s “The Comedy of Errors” and will be taking on “The Comedy of Errors” for this year’s fall production. The drama production will be performed on Oct. 10, 11 and 12.

By Emma Frewin

The Stansbury High School Thespian’s will open this year’s season with a performance of what could easily be described as a Shakespearean sitcom — The Comedy of Errors. Glen Carpenter, drama teacher at Stansbury High, said he feels it’s important to have his students perform a Shakespearean work each year to build their acting experience.

“The Comedy of Errors” is one of Shakespeare’s earliest works. Advanced Stansbury drama students Bryan Johnson, Isaac Cunningham, Conor Standley and and McKenzie Riddle will play the roles of the twins.

“It’s a good way of giving them roles that they’re not used to playing,” Carpenter said.

Cunningham, Connor Standley and Bryan Johnson will be playing the roles of the twins.

“The play will tell the tale of two sets of twins who are separated at birth and then mis-carryed and mis-reflected,” Carpenter said.

“The play will open this Saturday at 7:30 p.m., with additional performances Nov. 10, 11 and 12. There will be no Friday performance,” Carpenter said.

“I think it’s good for the kids to watch the football playoffs. Tickets cost 54-58 and may be purchased online at usoatwadeload.errorama.org.”

Additionally, Stansbury drama students will host their tradition at Royal Bowl on the opening night of The Comedy of Errors. This year the feast will feature an Italian theme, and the menu will include spaghetti and meatballs, calzones, garlic bread, cheese and cheese. Tickets to the dinner, which begins at 7 p.m., cost $15 for adults or $12 for children and includes admittance to The Comedy of Errors as well as live entertainment during dinner.

'Big Hero 6' is full of super-charged robots

Los Angeles (AP) — There were neither tears nor cheers at this TV season's premiere. That's partially because cast and crew of HBO's drama series "The Newsroom" had already moved on. They wrapped the finale weeks ago.

The party Tuesday night at the Directors Guild of Hollywood was simply to kick off the show's third and last season, which premiered today. That said, many were still estatic about the series, its creators and its lead cast.

In short, they were thrilled that the show's audience stayed loyal and many stayed tuned as it traced the daily lives of the news desk and the girl writer (Olivia Munn) who ponders the state of nation's media. The cast and crew were elated to see the praise it received, and its promise of new audience. Though it is expected to be a great show, the creators are realistic, and they've hired many to prepare work in real life. As the creators hope to make it work more and more, it's a step in the right direction, and they probably would be excited for anyone interested in science and technology.

I have to say, though, I wasn't as excited as I thought it was. I just thought it was a good thing.
The farm, filled to capacity.

Plot

A driver and passenger walked away from a one-vehicle rollover on Saturday near the mouth of Settlement Canyon. The woman passengers were transported to the University of Utah Medical Center with non-life-threatening injuries. The driver was treated for minor injuries at a local hospital.

Voters

In the general election, only 40.7 percent of the county's registered voters cast ballots.

The county is now seeking ways to make them safe for public use.

Friends of the Clark Farm protested against selling part of the property.

The councilman said. That includes qualified professional ballots and mail-in ballots that arrive at the clerk's office but are postmarked before election.

Tooele County voters were hit with two tax increases, one by the school district and one from the county. The councilman used the Internet to dig into the candidates' biographies on the county's website.

OUTDOOR ADVENTURE

Southern Skull Valley filled with colorful Porter Rockwell history

character that once roamed there and vanished about Government Creek. Any explorers of the Pony Express Trail in Utah has to take a look at the life and times of Orrin Porter Rockwell. He traveled all of these roads, passed upon the open peaks and tracked more than one man in the desert woods. He left an indelible impression on the land and psyche of Utah. Porter Rockwell was a child-bred friend of Joseph Smith and was always steadfast in the service of his prophet. He was Smith’s personal bodyguard and later performed the same duties at times for Brigham Young. A turning point in Porter’s life certainly was the death of Joseph Smith at Carthage jail. Many historians have claimed that it was at this time that he then attempted to assassinate Governor Reynolds of Missouri, who is famous for opening the Emigration Route against Mormons in that state.

When you go to this area, think about the larger-than-life First Bike Lane

“All we need to do is pass a resolution of the Utah County Council in support of this measure,” she said.

The Utah Transit Authority renamed Tooele’s first bike lane on Wednesday at 1009 North South Main Street and Driskill Road. The lane is part of a larger project to increase Utahns’ access to passive transit.

When you go to this area, think about the larger-than-life First Bike Lane

“All we need to do is pass a resolution of the Utah County Council in support of this measure,” she said.

The Utah Transit Authority renamed Tooele’s first bike lane on Wednesday at 1009 North South Main Street and Driskill Road. The lane is part of a larger project to increase Utahns’ access to passive transit.

character that once roamed there and vanished about Government Creek. Any explorers of the Pony Express Trail in Utah has to take a look at the life and times of Orrin Porter Rockwell. He traveled all of these roads, passed upon the open peaks and tracked more than one man in the desert woods. He left an indelible impression on the land and psyche of Utah. Porter Rockwell was a child-bred friend of Joseph Smith and was always steadfast in the service of his prophet. He was Smith’s personal bodyguard and later performed the same duties at times for Brigham Young. A turning point in Porter’s life certainly was the death of Joseph Smith at Carthage jail. Many historians have claimed that it was at this time that he then attempted to assassinate Governor Reynolds of Missouri, who is famous for opening the Emigration Route against Mormons in that state.

NOW ACCEPTING NEW PATIENTS

Cynthia Bryant Minor
Cynthia Bryant Minor, 46, of Eola, passed away peacefully at home on Monday, November 3, 2014 after a long and courageous battle with cancer. She is survived by her husband, Stephen, her parents Robert and Margarethe Bryant, and sister Dise Sizer and brother-in-law Jim Sizer. The family will meet, receive friends and share memories on Saturday, November 8th, 2014 from 12 p.m. to 2 p.m. in the Rush Valley ward chapel. Family cremation arrangements were by Tate Didericksen Memorial, 435-277-0050.

Ray Grant Sagers
Ray Grant Sagers passed away at his home in Grantsville on Tuesday, November 4, 2014 at 9:39 a.m. He was born in Rushford, Minnesota on May 20, 1908 and is survived by his wife, Mary, four children; Lanny (Andrea) Nordquist, Randy (Ann) Nordquist, Jolene (LeGrand) Bingham, and Dawna (Mike) Moser. They were the parents of the children. Ray and Mary lived in Grantsville among her many relatives and friends. He is survived by his beloved wife of 70 years, retiring in 1995 at a level of 124 through the Utah Jazz. He was a Utah Jazz fan, ignoring the fact that all her children attended BYU. She also loved plays and musical productions. Her memory will be cherished by her children and remaining family members: Bruce (Nan) Jones, Libby, Montana; Barry (Karen) Main; Marilyn. Blair, Highland, Utah; Judy; (Greg) Hentgef, and Becky (John) Moser. She is also survived by her favorite pet, Oscar.

The extended summer continues a long-running pattern of unstable weather. This past August remains the warmest months of 2014, with 2.04 inches of precipitation, compared to a normal of 0.4. A year ago this month, Tooele was experiencing chilly temperatures ten degrees below normal and anticipating above-average precipitation. October saw warmer-than-average temperatures and significantly less precipitation than normal.
Fullback Stine flying under the radar

Converging Stanbary tight end carried team to quarterfinals

Emily Christiansen COMMUNITY NEWS EDITOR

For the first part of his senior season, Standbary’s Stine and his 6-foot-5, 200-pound frame lined up right in the back for the Stallions. But since coach Chris Christiansen decided to move him even closer to the line, both Stine and his teammates have benefited and the third-year Class 3A state champion is doing an each-time performance.

“Stine’s alive,” Stine said. “I think we’ve got a couple of more games to start, and they bumped me to the line against Boise. I’ve been living it since.

Most high schools have a 138-yard total defense off the same set of players. Stanev had 484 yards in the past 33 games, and his 10 passes gone for 423 yards and eight more scores. The Stallions are one up on running back, and he’s got something cooking.

The fullbacks go for the big night, the offense. That’s why they do. That’s just a great football player. He’s the one we always have at fullback. I think we’re blessed. Stine is blessed.

It’s just been blessed with, you know, a difficult 3AA South schedule. We all know where we’re going to be in the second game of the season, and that’s when we beat Springdale. The Stallions’ postseason games have included 42-13 at Marion for the second game of the season, 28-7 for the Marion, and the Marion for the third consecutive year.

They’ve got some good guys in there, they’ve got some good defense and some good offensive linemen. We just want to have a great defense against them and if we can’t slow them down a little bit, we’ll be in trouble.

People say it doesn’t, but we think it does because you don’t really have anyone else coming up against us, and we’ve got some plays that were a little ding-dong up, so it should be good. We’ve got a couple of times, we’ve got our defense, and that’s when you’re going to be in trouble.

Standbary is third consecutive year.

“You can imagine the embarrassment of being caught soliciting a call girl?”

Hayward blocks LeBron, hits game-winner over Cavs

SALT LAKE CITY (AP) — Gordon Hayward said himself on his self-control. After snapping back-game, game-winning jumper at the buzzer, he couldn’t help himself. He let all his emotion in a celebratory frenzy.

“Now it’s just one of those moments.”

Hayward, who had 21 points, looked for James to catch an inbound pass, faked a move to the basket and then stepped back on the right wing and rolled to a 21-foot jumper as the horn sounded. The forward was mobbed by his teammates in a scene that reminded some of the college tournament game.

“Great way to roll out the door. It was a great game,” Hayward said. “Just exhilarating!”

The Jazz went on to catch up to the Nets in the fourth quarter, when Irving shot 58.5 percent in 24:13 of three games in the West. After losing the previous night 101-82 to Portland, Cleveland made it much closer but couldn’t overcome Hayward’s heroics.

I was just in tears for a second time in two nights.

The basketball game against the Jazz was the first time.

For the past five months, the Bengals showed video of a postgame storyline on Thursday against the Cleveland Browns at Paul Brown Stadium, where she’ll get to watch her father play for the first time.

It will probably be the most special game I’ve ever going to play because I know my daughter is going to be here to watch me play,” the third-year player from Penn State said.

“All the money that’s been raised for the cancer research is going to her and our family. She’s fighting the same type of disease, so it’s been an emotional week for her also.”

Now it’s Leah Still’s turn for the silver lining.

“It is going to be a big win for our team. For this team (Cleveland), it’s going to top off a good week for us,” said left tackle Andrew Funderburk, who wore Hill’s name on his gloves. “I just welled up with tears to the eyes of several players. It was an emotional win and I’m pretty sure she’s rooting us on out there and doing whatever I can to put a smile on her face.”

Inspiring Healthy Lives
PARIS (AP) — Crowd fund- ing could be used to finance a potential 2024 French Olympic bid.

France’s economic struggles, no public money will likely be a factor in 2024. That means they’ll have to go ahead with the bid now, according to Olympic committee president Denis Masseglia said at a meeting this week.

Indeed, a significant part of an estimated 4 million euros ($500,000) budget could be secured from the public as the first step toward the bid, Masseglia said at a news conference Thursday.

“Every project of this size needs a public commitment,” Masseglia said at a news conference Thursday. “It’s what you call a show of support. We’re not saying in advance how much that would be, but we had to have a commitment if we want to launch this strategy.”

Bernard Lapasset, head of the World Rugby International Sporting, said he did not believe that the private sector could raise the amount of money a telco said it could. He said the overall budget would come from public and private sources.

Lapasset and Masseglia said that the project was engaging support from the private sector, but France currently lacks the experience to run the Olympic Games.

Daniel Richard, a member of the French Olympic Committee, said. “We need some guarantees, some security, to take the risk.”

Only four drivers will race for the championship in November, but Keselowski had a 13-point lead over Harvick at the beginning of the season. He finished 15 of 22 for 202 yards, his first play in nearly two years. He finished 15 of 22 for 202 yards, his first play in nearly two years.

Sanchez was the fifth overall pick in the 2009 draft and showed promise early on, but a knee injury kept him out of the lineup. He was 4-2 in the regular season and helped lead the Jets to a surprise run to the playoffs. Keenum and Manning both had average seasons in 2010.

The Eagles also signed running back LeSean McCoy to the five-year, $39 million deal. The exact numbers were $18 million guaranteed now, and $37 million over the next five years. The Eagles also got back the same run they gave Sanchez after it was clear he was not going to be the quarterback.

The Eagles also signed running back LeSean McCoy to the five-year, $39 million deal. The exact numbers were $18 million guaranteed now, and $37 million over the next five years. The Eagles also got back the same run they gave Sanchez after it was clear he was not going to be the quarterback.

This is the second straight year in which Sanchez has been benched after being chosen as the starter.

Sanchez's play has been inconsistent this season, which has led to questions about his future in New York. He was 4-2 in the regular season and helped lead the Jets to a surprise run to the playoffs. The Eagles also signed running back LeSean McCoy to the five-year, $39 million deal. The exact numbers were $18 million guaranteed now, and $37 million over the next five years. The Eagles also got back the same run they gave Sanchez after it was clear he was not going to be the quarterback.

Gordon, who before the season began headlined to a victory that would have earned him an automatic berth into the Nov. 16 championship finale, dropped to fourth in the Chase standings. Only four drivers will race for the championship in November, but Keselowski had a 13-point lead over Harvick at the beginning of the season.

France’s economic struggles, no public money will likely be a factor in 2024. That means they’ll have to go ahead with the bid now, according to Olympic committee president Denis Masseglia said at a meeting this week.

GHS FALL SPORTS WRAP UP

Grantsville’s girls tennis team continued its tradition of excellence, finishing tied for third place in the Class 3A state tournament this season. The Cowboys’ girls soccer team, while young, continued to show signs of improvement in 2014.

Meanwhile, the football team finished fourth in the 3A North standings, falling to Juab in the opening round of the state playoffs.

The volleyball team also showed signs of improvement under first-year head coach KC Beazer. The Cowboys advanced to the state tournament, losing in the opening round to eventual champion Snow Canyon.

The Cowboys’ cross-country teams both advanced to the state meet, with the boys finishing 13th and the girls 16th.

Grantsville’s boys golf team took its lumps, but also showed signs of promise as it progressed through the Region 11 season.

Ghost Moon Nigh
Once a Month They Bolt Their Windows and Doors

It was whispered years ago that when a pirate cursed a Philippine village with langbaun, or flying undead, a boy received a secret that would protect him from certain death. But even armed with a secret, can anyone survive the undead for long?

Local Author

Remembering the Tooele Valley Railroad

Shortly after the International Smelter offered economic salvation to Tooele’s struggling desert community, the Tooele Valley Railroad became the town artery. Though originally built in 1908 to connect the smelter to the Union Pacific and Western Pacific lines west of town, the railroad became central to daily life.

Local Author

Haunted Utah
Ghosts and Strange Phenomena of the Beehive State

This book collects the best stories of phantoms and strange creatures from Utah, including: Ogden’s elegant haunted hotel, Salt Lake City’s This Is the Place Heritage Park, the phantom hitchhiker of American Fork, Ghost children at Mercia Cemetery, the White Lady of Sprint Canyon, and more.

Native American Wisdom

These are portraits of unusual depth. In both word and image, here are detailed visual and spiritual portrayals of the community, individuality, and human nature of Native Americans.

In Bear Country
Adventures Among North America’s Largest Predators

“"A vivid book, rich in detail, about one of the earth's great creatures.”
— Thomas McGuane
Author of Ninety-Two in the Shade

Guns of the Old West
An Illustrated History

The guns most favored by the lawmen, and the hired gunslingers, the cattlemen and the Indian fighters, the settlers and the buffalo hunters, the showmen, and the card sharks.

The fascinating firearms that helped open up the Old West, all described in detail, and shown in clear, close-up color photographs.

A Cowboy Christmas
An American Tale

“A Cowboy Christmas is a wonderful tale of a young cowboy’s roam and a heartfelt love story. A great Christmas story and a delightful read for all seasons.”
— THOMAS COBB
Author of Crazy Heart

Twilight Dwellers
Ghosts, Gases, & Goblins of Colorado

Colorado enjoys a rich, vibrant, and sometimes spooky history. Going straight to the source, the author collects these rich legends of fortune seekers and settlers unprepared for what awaited them in the ranges of the Rocky Mountains and desolate plains.

Power options range from ‘power saver’ to ‘high performance’

F or your computer is running, Windows, it should have a drop-down menu on the taskbar that allows you to choose from several power options depending on your preference. However, if you are a desktop user, you’ll find a drop-down menu on Desktop & Screen Saver. This allows you to set a drop-down menu on your desktop. The upper folders contain pictures that you can select. On the lower folders, you can select Desktop & Screen Saver. There is a drop-down menu next to these folders. If you are a laptop user, you can expect to see the most control over your power options up as more electricity used, but it is a way you can choose or change battery-powered periods.

Another thing to consider is your power options. The bottom is better, the computer is more likely to be in sleep mode. However, if you are working on your machines, I test them at the highest performance setting and have never had an issue with them. If you believe this is an issue for your computer, meaning the case became hot to the touch, you should have someone check the CPU temperature.

Open the Control Panel and then System and Security. From there, you will see “Balanced,” “High performance” and “Power saver.” You may have other options to choose from. You can customize your power options, such as “Choose what the lid does” and “Choose what happens when you press the power button.”

You’ll see a set of pictures from what you see on your Settings page. From these pictures, you can select Desktop & Screen Saver. You can select Desktop & Screen Saver from the Apple menu. From these pictures, you can select Desktop & Screen Saver in the Apple menu.

System Preferences and then the Mac’ s desktop background picture, you can expect to use the most viewing options. You can select Desktop & Screen Saver from the Apple menu. From these pictures, you can select Desktop & Screen Saver in the Apple menu.

You can also set up a screen when you are away from your computer. Go through each of these and see if they work for you. From these pictures, you can select Desktop & Screen Saver from the Apple menu. From these pictures, you can select Desktop & Screen Saver in the Apple menu.

Your computer will show you what is available for selection. You can also check the drop-down menu and watch it update instantly so you can see which picture you are using. If you are on battery power, you can select Desktop & Screen Saver from the Apple menu. From these pictures, you can select Desktop & Screen Saver in the Apple menu.

First, down in the lower-left corner, make sure the machines meet the highest performance setting, and leave the preferences, such as what items you zoom, since they change the appearance of your desktop. You can also explore the options that allow desktop preferences, such as “Choose what happens when you press the power button.”

On the left, you’ll find different options that you can select from the Apple menu. Click the drop-down menu on the taskbar and watch the menu update instantly. You can select Desktop & Screen Saver from the Apple menu. From these pictures, you can select Desktop & Screen Saver in the Apple menu.

Next, select a picture. Look for the drop-down menu near the taskbar.

Customize your Mac’s desktop to your liking. Click the drop-down menu and watch it update instantly so you can see which picture you are using. If you are on battery power, you can select Desktop & Screen Saver from the Apple menu. From these pictures, you can select Desktop & Screen Saver in the Apple menu.

You can also set up a screen, but you have to do it through System Preferences and then click Desktop & Screen Saver. Click the drop-down menu and watch it update instantly so you can see which picture you are using.

So, there are several locations where you can see your screen. You can choose between a set of pictures or from those that come with the operating system. You can also select to display a still screen, such as a wallpaper.

The default setting you can expect to use the most viewing options. You can select Desktop & Screen Saver from the Apple menu. From these pictures, you can select Desktop & Screen Saver in the Apple menu.

Introducing the STAR of today’s Kid Scoop page... YOU!

This week’s Kid Scoop page stars YOU! Complete this page and then hang it in your room so that you can remind yourself every day of how wonderful you are!

Step Into Stardom

For many decades, famous movie stars have put their handprints and footprints in wet cement in front of Mann’s Chinese Theater in Hollywood, California. After the cement dries, the prints are left for visitors to see.

Wait! Who got into the wet cement?

The idea stars can help.

Fill in the weekly calendar to show your responsibilities. The idea stars can help. You are a star who can be depended upon.

Wishes made upon stars may or may not always come true. But when you look at what you do every day, you will find that you are a star who can be depended upon.

Give Yourself a Hand!

Trace one of your handprints on a piece of paper. Cut it out and ask your friends and loved ones to write something on the hand that tells what is special about YOU! Then glue your handprint to this page.

The Amazing Me!

Look through the newspaper for adjectives that describe you. Glue them under your name on the sign.

The Star Facts

On each arm of the star, fill in facts about yourself.

My age

My favorite sport

My favorite game

My favorite color

My favorite thing to read

Double Word Search

Find the words in the puzzle, then in this week’s Kid Scoop stories and activities.

How to lose $20 million: The sudden wealth problems of professional athletes

by Robert Pagliarini

H ow could someone lose $20 million in a year? You've almost certainly heard that story before. But we're about to tell you just how easy it is to go from rich to I-can't-believe-it's-all-gone in less than a decade. Our story stars Brandon Pehrson, a 34-year-old former professional baseball player."

He's a retired baseball player. His salary and other baseball-related income, and one day he was gone. A California-based team paid him $20 million for a single year — $2,000 an hour for a little less than 12 months.

Let's look at a hypothetical baseball player. He's worked hard to develop his baseball and athletic abilities, and one day he got a call. A California-based team will pay him $20 million for a single year — $2,000 an hour for a little less than 12 months.

What would it take to achieve this? There are a few factors that come to mind:

1. A high salary: A professional athlete's salary is often in the millions of dollars per year. This means that they have a significant amount of money to manage on a daily basis.

2. High expenses: Athletes have high living expenses, including housing, transportation, and other personal expenses.

3. Lack of financial planning: Many athletes do not have financial planning in place, which can lead to overspending and financial difficulties.

4. Divorce: Athletes are at a higher risk of divorce compared to the general population. This can lead to a sudden loss of income if the athlete's ex-partner is granted a large percentage of the couple's assets.

5. Investments: Athletes may have made investments that do not perform as expected, leading to financial losses.

6. Age: Athletes' careers are often brief, and they may not have saved enough for retirement.

7. Health issues: Injuries or health issues can lead to decreased earnings and financial difficulties.

In conclusion, it is possible for an athlete to lose $20 million in a single year. This can happen due to a combination of factors such as high salary, high expenses, lack of financial planning, divorce, investments, age, health issues, and more. Athletes should take steps to manage their finances and plan for their future to prevent such financial losses.
**Triple “A” Apple fun**

**Bake ‘em**

Apples are delicious baked in an oven, on a campfire or over the coals on your backyard grill. Here’s how: Core the apple and wrap an outer layer of crust around the core. Fill the core with a mixture of ground nuts, brown sugar, chopped dates and raisins. Mix with a touch of lemon juice and a dash of cinnamon. Place on a piece of aluminum foil and place on the grill, in the oven, or in a campfire and enjoy.

**Serve ‘em**

Serve your baked apples with a scoop of vanilla ice cream or serve with a dollop of whipped cream. How about a layer of chocolate and a drizzle of caramel sauce? Yum-yum-yum!!!

**White Coat Syndrome**

**“What’s Syndrome?”

A serious medical condition was discovered by doctors. It was caused by a lack of sleep, lack of exercise, lack of social contact and lack of relaxation. It was called “White Coat Syndrome.”

The symptoms of “White Coat Syndrome” were:

- **Nervousness:** This symptom was caused by the fear of the unknown. The patient was afraid of what might happen if he/she saw a doctor.
- **Increased Blood Pressure:** This symptom was caused by the fear of the unknown. The patient was afraid of what might happen if he/she saw a doctor.
- **Increased Heart Rate:** This symptom was caused by the fear of the unknown. The patient was afraid of what might happen if he/she saw a doctor.
- **Increased Sweating:** This symptom was caused by the fear of the unknown. The patient was afraid of what might happen if he/she saw a doctor.
- **Increased Anxiety:** This symptom was caused by the fear of the unknown. The patient was afraid of what might happen if he/she saw a doctor.

**How to Treat “White Coat Syndrome”**

- **Exercise:** Regular exercise can help reduce the symptoms of “White Coat Syndrome.”
- **Relaxation:** Techniques such as yoga, meditation, and deep breathing can help reduce the symptoms of “White Coat Syndrome.”
- **Social Contact:** Social contact with friends and family can help reduce the symptoms of “White Coat Syndrome.”
- **Sleep:** Adequate sleep can help reduce the symptoms of “White Coat Syndrome.”

**Conclusion**

“White Coat Syndrome” is a real medical condition that can be easily treated. By making lifestyle changes such as exercise, relaxation, social contact, and sleep, you can reduce the symptoms of “White Coat Syndrome.”
Brilliant 2015 Volkswagen lineup looks great

**Auto Digest**

By Barbara J. Schaffer

Volkswagen Jetta

Volkswagen's best-selling U.S. model, the Jetta has been redone for 2015. The exterior gets new bumpers, grille and trunk lid. These changes along with redesigned panels and active radiator shutters improve the Jetta's aerodynamics. It also has available Bi-Xenon headlamps and LED daytime running lights.

Inside, the Jetta is the lead of the of the Volkswagen interior upgrade movement with chrome accents, multi-function steering wheel, Bluetooth and an overall high quality. Jetta has front seat ventilation for the first time. In the front seat there is a dual, two turbocharged four-cylinder engine and 6-speed automatic.

The Jetta SE we drove was very rigid and quieter than we remember previous models to be. The interior feels spacious with a comfortable fit for four adults, with a tight fit for the third adult in the rear seat. Overall, it has a significantly more upscale look than previous generations. On our casual drive the Jetta stayed flat in the corners and the steering was precise. The new 1.8T 148 hp front-drive turbocharged engine accelerates from 0 to 60 mph with the six-speed automatic transmission in 7.3 seconds a cooling to Volkswagen — the manual is available electric.

Volkswagen Golf

The Golf GTI is the most powerful and fastest GTI to date powered by a 210-hp turbocharged four-cylinder engine with a five-speed manual or six-speed automatic transmission or the TDI 150-hp 2.0-liter four-cylinder diesel with six-speed manual or DSGR dual-clutch automatic transmission.

Volkswagen e-Golf

The 2015 Golf at http://www.volkswagenusa.com/golf-test-drive-2/. Volkswagen is offering a limited availability Golf Launch Edition with a manual transmission priced at $36,265, including the destination charge. This gives the Golf an overall high quality feel.

Tooele County real estate's rebound is three for three in 2013. For the third time this year, end of the quarter sales statistics show sales price of homes are up, total sales volume is up, and the number of days homes stay on the market declined compared to the same quarter of 2012. * Compared to [...]
Thanksgiving feast!

SAVORY AND FRUIT STUFFING
1 pound mild sage breakfast sausage
4 tablespoons butter
3 cups dry bread cubes
salt and pepper

Preheat the oven to 375 F. Place the oven on a cookie sheet. Lightly oil the sheet. Heat the butter in a 10-inch skillet over medium heat and sauté until soft, about 1 to 2 minutes. Add the mixture to the skillet. Add the stuffing to the skillet, and mix with a fork. Turn the mixture over until the stuffing is completely coated with the mixture. Let it cook for about 5 minutes, stirring occasionally, until the stuffing is crispy. Remove from oven and serve immediately.

HAPPY TAILS
Long-distance adoption

We don't always have our way. Many of us have boxes and boxes of our bent at the knees to a give-up situation. It is crucial to have faith that one day we will wake up and discover that a better way has been found.

Food

Thanksgiving was missing. Primaries probably were not served, but turkey and stuffing made up for it. We were thankful for the traditional Thanksgiving turkey, but we were also thankful for the foods we now associate with the Pilgrims. After many hardships, the Pilgrims and modern ingenuity have combined the bounty of the season into a feast.

We can join them in feasting and sports activities. It can be prepared up to six weeks in advance. It can be refrigerated, allowing the flavors to meld and readying the dinner for the day to do its thing on the day.

Margene Colledge
