## Commuter delays affected residents in big ways in 2017

### County pays $1.55M to end lawsuit over UMC racetrack

**5 MARIE WATSON**

A year after Center Point’s lawsuit was filed, Tooele County signed an agreement with the Four Corners Health District to close the former Miller Motorsports Park.

The agreement was signed in Feb. 2016. The former Miller Motorsports Park sat on the land of the Larry H. Miller Motorsports Park and agreed to drop all challenges to the lease, the track, the building, and all other improvements.

Up to 300,000 chickens died in Fassio Egg Farms fire

**STEVE HOWE**

The morning of Sept. 5, huge plumes of black smoke could be seen in the corner of Tooele Valley from the Tooele Valley Elementary School. The fire, report-
ed around 7:30 a.m., was first noticed by an employee who saw smoke coming from one of the large chicken coop

Tooele County ranked third in the state in goals for 2017.

Winn becomes first woman elected to mayor’s office

Debbie Winn is the new mayor-elect for Tooele City. Winn defeated Steven Peterson in Tuesday’s election.

“I really feel good about what we’re doing. I always feel I’m helping other people,” Winn said. “I have approved other people, and I supported them.”

She was appointed to fill the seat on the council in January 2011, and was then elected to the seat in 2011. She currently serves as the city’s finance director.

Her recent employment included the position of executive director of the Tooele County Chamber of Commerce and currently as the lead worker for the Water Pollution Control Center.

Winn said she had considered running for mayor about three or four years ago.

“I knew there would be hours where — when I’m a city councilor, I’ve been told — we have to have a separate phone number you can use to communicate,” she said. “I’ve known for a long time that I want to talk to and help people.”

While no official numbers were released, Winn said she was pleased with her outreach and support from people.

“I think if you don’t know them, you have to go out of your way to talk to them and talk to them, even when they don’t know me,” she said.

The mayor-elect said she planned to work with the council and city officials to help balance the budget.

“We have some big issues that need to be taken care of,” she said.

The mayor-elect also said she wants to work on economic development and on the main academic high school, which she called the city’s “flagship.”

As for the town’s economic development, she said she will work with the city’s economic development director to bring new businesses into the area.

She also said she plans to work with the city’s finance department to make sure the city’s financial situation is stable.

Debbie Winn was the new mayor-elect for Tooele City. Winn defeated Steven Peterson in Tuesday’s election.

Winn becomes first woman elected to mayor’s office

The big story for Tooele County in 2017 was the passing of a bill by the Utah Legislature to include $74 million for the Midvalley Highway in the 2018-2021 transportation plan. The law included $74 million in funding for the first phase of the Midvalley Highway to get it under way. The Transportation Commission approved the $74 million in funding for the first phase of the Midvalley Highway during its May 17, 2017 meeting. “This will now begin in 2018,” said Tooele County Commissioner Wade Bitner. “Rather than the 2035-2040 timeframe, it moves up to 2018.” Bitner referred to the $74 million in funding as the largest state appropriation to Tooele County. He credited the successful drive to get this highway project to a joint effort between the Governor’s Transportation Commission, the Tooele County Commission, the Tooele County Chamber of Commerce and the Midvalley Highway interests.”

Tooele City is proposing to extend the Midvalley Highway project from Interstate 80 near mile post 94 to 2300 North and 1380 and 112 and eventually pass through 236 south of Tooele City Limits. According to Rep. Doug Sagner, R-Tooele, the need for an alternative route is a $80 million-$100 million project that he has been discussing with his colleagues. The transportation commission has named the project in honor of Tooele City Commissioner Wade Bitner. "I think that the people want to continue fore-most, that the citizens need to step up to the plate to continue this project," said Bitner.

Midvalley Highway is the project that will extend the Midvalley Highway from Interstate 80 near mile post 94, 2300 North and 1380 and 112 and eventually pass through 236 south of Tooele City Limits. A West Valley man was killed in a Serious injury accident in the aftermath of a fire. The volunteer firefighter died from a fire that started in a连接的走廊表面.

The fire quickly spread into the community, affecting the fire fighters and the public. The fire was contained and the area was secured.

The chicken coops did not have a sprinkler system, which made it difficult for the fire to be contained. The fire fighters used water hoses to fight the fire.

At 8:26 a.m., the fire department received a call from a resident who had seen the fire from above. The fire fighters responded to the call and found the fire burning in the coop.

The fire then spread to other coops and the fire fighters continued to work to contain the fire. The fire was eventually contained and the area was secured.

The chicken coops housed about 600,000 remaining chicks. The eggs produced for several months were destroyed.

The fire department worked to keep the fire from spreading to other buildings and to keep the public safe.

For the University of Utah Health Care, the fire was considered a Serious injury accident. The fire fighters were honored for their efforts.

The fire was contained and the area was secured. The firefighters worked to keep the public safe and to protect the chickens and other animals.

The fire department continued to work to keep the fire from spreading to other buildings and to keep the public safe.

The fire department received a call from a resident who had seen the fire from above. The fire fighters responded to the call and found the fire burning in the coop.

Local postmaster made sure ballots got to the right place

T he 2017 Elections have been announced and the winners will be sworn in as early as February 26. Before that occurs, I want to take a moment to recognize and thank our postmaster.

The postmaster remains one of the most important employees in our community. Without their dedication and hard work, many of us would not be able to cast our ballots in the election. The postmaster made sure that every ballot was delivered to the correct location, ensuring that every vote counted.

In this age of instant communication, it can be easy to take for granted the role that our postmaster plays. They are the unsung heroes of our community, ensuring that our voices are heard and our representatives are held accountable.

As we move forward into the new year, let us remember the important role that our postmaster plays and the critical responsibility they carry. Let us take a moment to express our gratitude and appreciation for their hard work and dedication.

Thank you, postmaster, for your service to our community.

At long last: Cowboys win it all

Grantsville wins first softball title in 19 years

DARREN VAUGHAN

The Grantsville softball team has been a top contender for the past two decades. The program has produced several all-state performers, including pitcher Kapri Toone, who led the team to a Class 3A state championship.

Despite a slow start, the Cowboys fought back to upset Bear River in the championship game. The win was a long time coming for the Grantsville softball program.

STORY HIGHLIGHTS

- Top 5 sports stories of the year
- Grantsville softball team’s title run
- Stansbury boys cross-country crown
- Four athletes bring home the top prize
- Bulletin board

The Grantsville softball team celebrates with the Class 3A state championship trophy after defeating Bear River 7-4 in the championship game May 20 in Spanish Fork. The win gave the Cowboys their second state title in school history and their first since 1998.

Grantsville coach Brad Taylor said: "This was the ultimate moment — having fun and achieving greatness.

Despite struggling in recent years at the state tournament, Grantsville overcame more than the defending state champion Bears in the early part of the game. The Cowboys loaded the bases in the first inning against Bear River pitcher Raye Toone with the help of a throwing error, and Marie Clark scored the game’s first run on a ground out to Kylee Lewis. Addie Smith followed with a base hit to right center field to score Brooke Crosman with an unearned run to make it 2-0.

The two wrestlers embraced in the middle of the mat after their win.

The Grantville softball team celebrates with the Class 3A state championship trophy after defeating Bear River 7-4 in the championship game May 20 in Spanish Fork. The win gave the Cowboys their second state title in school history and their first since 1998.

Grantsville’s Tori Gustafson (center) has her arm raised in triumph after winning the Mountain Heritage League’s Class 3A 155-pound championship during the state wrestling tournament at the UCCU Center in Orem. Gustafson became the first Stansbury wrestler to win a state championship with his 8-4 win over Davis in the final match.

Stansbury snags 4A cross-country crown

Stallions win school’s first title in any boys sport

DARREN VAUGHAN

The Stansbury boys cross-country team may have had an off day during the Region 11 meet a week earlier, but the Stallions were certainly on form at the state meet. The Stallions edged out Spanish Fork 17-75 to win the Class 4A state championship title.

They have the trophy to prove it, no?

The Stallions improved their state championship in any boys sport.

Four athletes bring home the top prize

Gustafson, Oblad, Eyre and Jackson at their best when it mattered most

BUFFS ENJOY RARE TASTE OF SOCCER SUCCESS

Tooele boys team makes first postseason appearance in a decade, wins playoff game for first time since 2003
Cotton is one of the largest crops produced in the U.S.

In the middle and at the top, I was looking for a way to earn my living from cotton. I had tried the cotton fields, but after about 17 months, I became a cotton farmer in the United States. Cotton is a crop that covers an area of more than 100 acres in the United States. The cotton seed is planted uniformly in each row, drops in the right location, and is covered with soil. The cotton is then harvested with a picker that collects cotton from 2 rows at a time. The cotton gin is where the cotton fibers are separated from the cotton plant. Cotton is one of the largest crops produced in the United States. It is one of the four major crops produced in the United States. Cotton is a crop that covers an area of more than 100 acres in the United States. The cotton seed is planted uniformly in each row, drops in the right location, and is covered with soil. "I always like to give your mother a compliment. It's the one thing she never returns."
New Year’s resolution: earn an affordable and well respected degree from WGU

Online, nonprofit university now accepting applications for the New Year, New You Scholarship

SALT LAKE, PR—Western Governors University (WGU) is offering an added incentive for those making resolutions to earn a college degree in the new year: $200,000 in scholar terms. Students who apply to WGU by March 31, 2018, are eligible to apply for the New Year, New You Scholarship, which provides up to $2,000 per term for up to 100 students. Learn more about WGU’s New Year Scholarship at www.wgu.edu, enroll in the New Year, New You Challenge by following @WGU on social media.

Each New Year, New You Scholarship will be applied at the rate of $200 per six-term term, renewable for up to four terms. Students enrolling in a term, renewable for up to four terms. Students enrolling in any of WGU’s 65 bachelor’s and master’s degree programs are eligible to apply for the scholarship. Applications are being accepted now through March 31, 2018.

WGU uses an innovative approach to learning called competency-based education, which focuses on measuring learning rather than time spent in class. Students earn academic credit in this system by demonstrating mastery of the subject matter rather than simply completing coursework—a more engaging and cost-effective — real-world compen- sation developed in collabor- ation with employers.

Designed to meet the needs of adult learners, competency- based education allows students to take advantage of their life and work experience. Students may choose to move quickly through material they already know so they can focus on what they will need to know. WGU faculty members work one-on-one with students as mentors, offering guidance, support, and advice as needed. While WGU’s degree programs are rigorous and challenging, competency-based learning makes it possible for students to accelerate their progress, saving both time and money. This scholarship is open to new students who have been officially admitted to WGU. While multiple scholarships will be awarded, this is a competitive program, and scholars- ships will be awarded based on a candidate’s academic record, readiness for online learning, and current compo- nents, as well as other consider- ations.

About WGU

Established in 1997 by 19 U.S. governors, WGU is the first competency-based online university, offering guidance, support, and academic instructional. WGU provides up to $2,000 per stu- dent to apply for the New Year, New You Scholarship. Established in 1997 by 19 U.S. governors, WGU is the first competency-based online university, offering guidance, support, and academic instructional.

Unimaginable: The History of China’s Most Devastating Catastrophe, 1958-62

By Jonathan Holland

A new archival history that reveals the era of Mao Zedong and the history of the People’s Republic of China.

“Dikötter’s work, ten years in the making, is a riveting, magnificently written and accessible account of how one of the world’s greatest crimes—a maniacal pursuit of steel and Communism, as Mao imag- ined it—turned into rubble. The experi- ment was a catastrophe for the country had ever known, leaving 30 to 40 million people dead or permanently disabled and China’s industrial economy in tatters.” —The Economist

Richard and Katherine Mouritsen

Richard and Katherine Mouritsen have been called to serve a full-time mission for The Church of Jesus Christ of Latter-day Saints in the Halifax Canada mission. They leave for their mission assignment on Sunday, Dec. 31, in the Eastridge Ward at 751 N. 7th Street (520 East), Tooele.

Unimaginable: What Our World Would Look Without Christianity

By Jonathan J. Johnston

“Like a Grand Tour of the universe, this book takes a deep dive into the history of Christianity, both historically and culturally. Johnston offers an illuminating insight at the same time, while offering a context for the world—and has been since the first century AD—of faith, families, and life.” —Tooele Transcript-Bulletin

Unimaginable: What Our World Would Look Without Christianity

Elder Nathan Fisk

Elder Nathan Fisk has returned from his mission and is completing a mission for The Church of Jesus Christ of Latter-day Saints in the Halifax Canada mission. Elder Fisk will be speaking at 9 a.m. on Sunday, Dec. 31, in the Eastridge Ward at 715 N. 7th Street (720 East), Tooele.

For half a century, America has been moving away from its Christian heritage. Many Americans are apparently oblivious to the value of this heritage and how it laid the very foundation on which this great nation was built. I am pleased to recommend this compelling and fascinating book.” —Mike Huckabee, Former Governor of Arkansas

What are three things you love about Planet Earth?

1. Beautiful flowers, places to walk and even majestic mountains to enjoy.
2. Water. Mother Earth gives us more than food and water – she gives us water.
3. Planet provides us with the things that give us life – like food and

One way to love the planet is by walking or riding your bike to get places. Race a friend to see who can get to the park fastest!

If all this waste was put on trucks, a line of those trucks would go around the world 24 times!

The noun pledge means undertaking. The Planet Pledge reminds everyone to take care of Mother Earth.

This holiday season you can give a gift to your planet by taking the “Love My Planet Pledge.” Sign the Pledge, cut it out and keep it somewhere you can see it everyday. It will help remind you of how you can care for Mother Earth everyday.

What if the plants and animals fought back against pollution?

Hey, kid! You left this at the beach yesterday!

Styrofoam plates? You brought styrofoam plates?!! You knock will have to camp somewhere else.

It’s a very smoggy day and you’re driving two blocks to the store instead of walking. I’m afraid I’ll have to write you a ticket, sir.

Draw your idea of an animal fighting pollution here.

Love My Planet Pledge

1. I will try to buy goods with little or no packaging. Less packaging, less trash!
2. I will wipe up spills with a sponge or cloth instead of paper towels.
3. I will use the Sunday comics to wrap presents.
4. I will recycle as much trash as I can!
5. I will not leave the refrigerator door open for long periods of time.
6. I will use re-usable containers for my lunch.
7. I will pick up litter!

I will... Signed

Extra! Extra!

Who loves our planet?

Look through the newspaper for the names of people and groups who are caring for our planet. Select one and send a letter thanking them for what they do to care for our home.

Some people call our planet “Mother Earth.” Like a mother, our planet provides us with the things that give us life – like food and

Read the notes in Nellie Fly’s reporter’s notebook. Then write a short news article about the playground clean-up project.

Read the notes in Nellie Fly’s reporter’s notebook. Then write a short news article about the playground clean-up project.

Planet Points of View

Find an article that shows a way in which people harm or care for our planet. Re-write the article from the point of view of a wild animal that would be affected by the news in this article.

How many movie stars does it take to change a light bulb?

Three movie stars put it on themselves. The bright new bulb in the old fixture gives it a new sense of style. They really pulled it off! (12 words)

How many movie stars does it take to change a light bulb?

Three movie stars put it on themselves. The bright new bulb in the old fixture gives it a new sense of style. They really pulled it off! (12 words)

Jump to the 200 to figure it out. I was running from the high jump, had another among the top in the seventh and Camper running on second base after a leadoff single and a sacrifice fly by Clark, Crosman crushed the first pitch she saw from Toone over the right-field center fence, giving her team a 2-0 lead.

“Since my first game was the 100 and I took it easy, it feels good to actually prove I can do it,” Jackson said. “I had to keep my nerves under control,” Crosman said. “I knew I would do it,” Jackson said. “I was nervous, but I knew I could do it.”

Jackson will be back for the next season. The Cowgirls have had a tough season, but they still have a lot of potential. They are a young team, but they are learning quickly. They are determined to make something of their season, and they are working hard to achieve their goals.

**Champs continued from page B1**

New level that we didn’t know we could do. It was amazing. The Cowgirls are at home, so I just hit a home run to left field on the first pitch and we were up 1-0. The last game was amazing. We got a 2-0 win over Grantsville and it was an emotional trip around the bases. It was a great experience, because there’s so much at stake. The Cowgirls are the Class 3A state champions and have made history. They are the first team to win a state championship in the school’s history.

If you are looking for a Cox cable box rental, you are in luck! They offer a variety of plans and packages to fit your needs. Whether you want basic cable or premium channels, they have you covered. They also offer internet and phone services, so you can bundle and save. Visit your local Cox store or call to get started!

**Stallions continued from page B1**

Stallions coach Heath Taylor holds up the Class 3A state championship trophy after his team defeated Bear River 7-4 in the championship game May 20 in Spanish Fork. The Cowgirls won their first state title since 1996, before any of the players on the 2017 team were born.

“Every year, the rigamarole of the paperwork has increased,” Quarez said. “All these guys who were seniors this year, mixed in with the sophomores and the other kids on the team, the focus was that we wanted to make something special happen. Every year, we’ve been working toward it, and this has been a goal of theirs. Everybody’s been motivated, and we’ve been the strongest team we’ve ever been.”

This year’s championship is a result of the Cowgirls’ hard work and dedication. They have been working all season to get to this point. They have been making adjustments and working hard to improve their game. They are a team to be feared, and they are ready to take on the challenge.

**Drady Arbon Senior**

**Grantsville Basketball**

Arbon had a pair of monster games for the Cowgirls last week, scoring 27 points in Grantsville’s come-from-behind win over West and chipping in 15 points in a 3A state championship game. Arbon is averaging better than 17.5 points per game through the first 11 games of the season.

**TAYLOR HINSDALE STANDBY**

**Standby’s No. 1**

Standby’s Nathan Warren finished 15th overall at the Class 3A state cross-country meet. Warren, who placed 15th, was the unofficial “B” team leader for the young and talented Cowgirls in their first state championship game.

**S'more ideas to make memories in new year**

BY SAMANTHA WEAVER

Reading over coals just long enough to know... It is customary in India... 

S’mores are a classic, and they are easy to make in a great way to begin the practice of doing simple things that make big memories with family and friends in 2018. Whether you’re planning a trip to the mountains, to a beach, or just a backyard get-together soon, with a challenge to create a new recipe. I’m going to offer you a small dose of lithium (5 mg) might be improved by taking... 

Indoor S’mores — Dea... A recent newspaper article said... I found the article you mentioned... 

Outdoor S’mores — Lithium is a high-energy element, and it emitted amounts in the ground and is used in...

**Does too much water wear out kidneys?**

BY ANNA STEPHENSON

DEAR DR. ROACH: We are always told to drink lots of water — the consequence of which, of course, is increased urine. What about the kidneys? Since they have to perform regularly, are they being worn out permanently? I am 85, in good health. Often my past was physical, but I was told that my kidney has failed. Does this have anything to do with excessive urination a bit. Does this have anything to do with the kidneys. Would you mention kidney stones, for... 

DEAR DR. ROACH: A recent newspaper article said that renal and bone health might be improved by taking lithium. The point... 

...if you are thirsty... readith in mental illnesses, lithium is a light element found in trace amounts in the weather. It is used in...

Black-Eyed Peas with Spinach and Bacon

Preheated oven

1 can garbanzo beans
1 tablespoon curry powder
1 can black-eyed peas
2 cloves garlic
4 slices bacon

1. Cook the bacon in a large skillet over medium heat until crisp, about 2 minutes. Drain, crumble, and set aside.
2. Add the garlic to the bacon in the skillet and cook for 30 seconds.
3. Add the peas/corn/carrots combo. Mix well.
4. Add the rice to the skillet and cook for 3 minutes, stirring often.
5. Add the beans, water and peanut butter and cook for 8 minutes, stirring often. Add curry and cook for 1 minute.

This speedy side dish will quickly become a weeknight favorite. Even the kids will love it! Your VSO rep will tell you lik...
I experienced the Divine on Christmas Day. It was a rather good day for dwelling on thoughts of the Divine.

It was as if the universe had just conspired to make me a Christmas card in the three dimensions of reality.

As the wonderful Alan Watts wrote in his book “In Search of the Divine,” or in Christian terms, “in search of the Divine — I wish you very Merry Christmas. He wouldn’t have done that.

Now I am being more fanciful than Blake, perhaps, but whatever the truth of all that, I have a rather limited expression of understanding and posts views about the USA citizen of the USA. A decade ago, I believe myself to be a

Whether you prefer rock-rolling, Buddhist chanting, or anything in between, I type that as someone being fanciful when he wrote: “The world is a grain of sand, and all of it. TOOELE, STATE OF UTAH

PUBLISHED IN THE THIRD DISTRICT COURT AND IN THE COUNTY OF TOOELE, STATE OF UTAH

Published in the Transcript Bulletin
Date of Sale: Saturday, December 2, 2017

It is hereby announced that the following applications have been received by the Authority and are being given pursuant to the Indentures:

FRIDAY, JANUARY 5, 2018

IN THE THIRD DISTRICT COURT AND IN THE COUNTY OF TOOELE, STATE OF UTAH

On Friday, January 5, 2018, the Board of Trustees (the “Board”) of the Tooele Authority (the “Authority”) adopted a resolution (the “Resolution”) amending and supplementing the Board resolution of September 1, 2017, as amended and supplemented (the “Amended Resolution”), by authorizing the issuance of additional revenue bonds (as defined in the Resolution) in the aggregate principal amount of not less than $850,000 to fund certain expenses of the Authority’s current plan of financial operation (the “Project”). The issuing entity is the Authority’s public transportation subsidiary, the Tooele Authority (the “Authority”), and, as more particularly set forth in the Resolution, the Authority intends to issue the Project Bonds (as defined in the Resolution) to fund the Project.

At the hour of 7 p.m. on Friday, January 5, 2018, the Board of Trustees (the “Board”) of the Tooele Authority (the “Authority”) adopted a resolution (the “Resolution”) amending and supplementing the Board resolution of September 1, 2017, as amended and supplemented (the “Amended Resolution”), by authorizing the issuance of additional revenue bonds (as defined in the Resolution) in the aggregate principal amount of not less than $850,000 to fund certain expenses of the Authority’s current plan of financial operation (the “Project”).
