The Grantsville City Council held a special meeting on Saturday morning, which included a closed session to discuss personnel. The meeting was held at Grantsville City Hall at 7 a.m.

Auto fatalities down in state, Tooele County

STEVE HLOWE / STATE JOURNAL

For the first time in six years, the number of fatalities on Utah roads decreased in 2017.

Total fatalities dipped to 273 last year, down from 281 in 2016, according to the Utah Department of Public Safety and the Utah Traffic Collision Fatality Report. The vast majority of those killed were Utah residents, with 223 fatalities. The UPB investigators compiled by the Utah Department of Transportation and Utah Department of Public Safety.

Tooele County had nine roadway fatalities in 2017, which was a significant decrease from 20 fatalities in 2016. Only three Tooele County drivers died in road crashes since 2012, when there were 217 deaths, a 15-year low.

Weekend storm gives some moisture relief in Tooele County for the entire month.

Tooele received 10 inches of snow and 9 inches of precipitation in February, ending the month with a total of 90.63 inches. Tooele snowfall levels were consistent with precipitation at the airport.

Tooele County had nine roadway fatalities in 2017, which was a decrease from 20 fatalities in 2016, according to a new report.

With a larger venue, more people can attend Saturday’s fifth annual Western Music & Songwriters Series.

“We’ve sold out the past four years, so this year we’ve moved from the convention center to the indoor arenas,” said event promoter Tyler Guy. A bigger stage, good lighting and sound would be among added amenities, he said.

R.J. Vandygriff, Daron Little and The Saddlestrings will be the featured entertainers for the night, which begins at 4:30 p.m.

Vandygriff has been on stage with Garth Brooks, George Strait, George Jones, Merle Haggard and “The Judds,” Guy said. “He also worked in or appeared in 100 episodes of the TV series, ‘Walker Texas Ranger.’ This will be Vandygriff’s first appearance at the Western Music & Songwriters Series.

Guy said Little is from Northern Utah.

“Thatch started when he was 15 years old,” Guy said. “Vandygriff has been on the road since 1994 and every band member has lived and loved the ranch lifestyle, even though they have had to let go of this part of their lives. The country-thick black cowboy sometimes faces heat, dust and irrigating in the hot sun. “The Saddlestrings will be hosting the after party at Bonneville Brewery,” Guy said. “After the show is over, everyone is invited to meet with the artists at the brewery.”

Guy said he has spent most of his life in Tooele County, working on sheep and cattle ranches. He is also a writer and retailer of cowboy poetry.

Guy and 15-year-old Thatch Elton will recite cowboy poetry between the three main performances on Saturday night.

“Thatch started when he was about 10 years old,” Guy said. “I met him at a show in Idaho City and was blown away by his talent. We invited him to our first show and he has been with us ever since.”

Events kick off at 4:30 p.m. with the Best of the West Chili Cook-off sponsored by the Bit ‘N’ Spur Junior Riding Club. Poetry and music should begin about 5:30 p.m. and will run until 9-10 p.m.

“We have a total of 27 contestants signed up to compete for the title of Best of the West Chili in Tooele County,” said Cindy Elton of the Bit ‘N’ Spur Junior Riding Club.

She said the cost of a bowl of chili is $6, or three kinds of chili can be purchased for $10. A roll and a drink are included.

Individual tickets are $15 each. Also available are 50, 100 or 150-ticket packages.

The annual count of homelessness is conducted to provide a complete snapshot of the number of homeless people living in the United States and to provide the data necessary to affirm federal, state and local assistance programs. The department is looking for volunteers during the count by the health department, police, social workers and individuals who are seeking help counting homeless.

The Tooele County Health Department is seeking help for helping-counting homeless people.

Volunteers will visit areas likely to be inhabited by homeless people and self conduct surveys with persons experiencing homelessness on the mornings of Jan. 26, 27 and 28. “We anticipate the need of 20-30 volunteers,” said R.J. Vandygriff, County Health Department liaison manager.

LETTERS TO THE EDITOR

Almost every letter has been an attack on the media. How sad that we have arrived at a time when the media is the subject of so many personal attacks. It is necessary to spend time answering them, but it is also necessary to consider the implications of the attacks.

A president should inspire the nation

The sounds of Trump's campaign, and his rise, were profound. On occasion, his words were offensive. But after becoming president, he disarmed many of his detractors. He performed a miracle in Washington, and the whole country seemed to believe in the new administration.

Yet as long as Bill the Butcher was a fictional character, we could laugh at his absurdities. But now he's a real president, and we must live with his decisions and policies.

There are two reasons that Trump won the presidency:

1. The main reason was immigration, largely unfettered illegal immigration from Mexico and points south, with Democrats using immigration to well-cure and other benefits for their votes, just as Tammany Hall had built the City in B. D. 2022. And establishment Republicans, who care about maintaining their power that muscled Bill the Butcher, had a framing issue. How would you choose between the Butcher and the Butcher's son, who are both the same person but different in name?

2. The other reason was that Trump's remarks were accurate. The world is “——” in all of need a more far statement. Not necessarily. An economic downturn is not something that can be easily reversed. A recession means something.

Trump already has his critics — mean the protection and citizenship and government benefits for those who come here illegally — a silenced and demonized as Trump's reasons, what is the long-term effect for America? What happens to those Americans who have been shunted into inferior? Did the celebrations saved? Sensitivity someday?

Teachers honored for teaching health and fitness to students

**MARK WATSON**

The Live Fit Tooele County Coalition honored three more teachers on Monday for their innovative ways of teaching health and fitness to students.

Western included Andrea Reynolds, fourth-grade teacher at Grantsbury Park Elementary; and Tami Parker, sixth-grade teacher at Stansbury Park Elementary. Both teachers have been selected as part of the Wellness in the Schools County coalition chairperson.

Andrea Reynolds begins each school day with some sort of fitness video that wakes up her students. She incorporates movement and dancing at their desks to upbeat music, and a full body stimulator.

Parker incorporates movement and dancing at their desks to upbeat music, and a full body stimulator.

“Teresa Knight, fourth-grade teacher at Overlake Elementary; and Tami Parker, sixth-grade teacher at Stansbury Elementary. These three teachers are doing amazing things to reach their students’ minds and bodies. This is a great opportunity to provide opportunities for their students to move during the day to help students focus and be healthy,” said Malaneta Tookey, Live Fit Tooele County coalition chairperson.

Each teacher received a $100 gift card and a balloon bouquet as part of the Wellness in the Classroom contest.

Each quarter, teachers submit narratives of how they approach teaching health and fitness. These teachers submitted information during the second quarter. Judges are unaware of whose submissions are which.

Reynolds incorporates movement into her student’s class work. She also promotes wellness by teaching routine. She also promotes wellness by using this knowledge to make her students’ minds and bodies.

For example, spelling practice is completed in groups of three with using a board while spelling the words. Transition time consists of students moving and dancing or their desire to express music, and a full body rock, pop, science game. Her students enjoy these because they only have one room in the day and this gives them small release throughout the day.

Stansbury beats Grantsville to advance to region finals

The Stallions dominated the dual, winning 48-24 over its county rival in their annual dual.

The Stansbury boys basketball team was eager to defend its region title against archrival Tooele on Friday night in Draper, leading 29-12 following the first half en route to an easy 65-51 win over Grantsville.

Stansbury coach Ty Linzler said, “We had a couple guys out, but we had some guys step up and some solid effort and we got wins where I didn’t think we would.”

Tooele coach Cody Valder’s team was weakened by illness, forcing him to make some late substitutions, but he wasn’t about to use that as an excuse following the loss.

“That hurts more than we didn’t have our expected lineup,” Valder said. “We still didn’t wrestle well enough to come away with the win.”

Stansbury took control of the dual in the lower two weights, starting with Stansbury’s Luke Mejia beating Tooele’s Thomas Kelvin at 120.

Stansbury seniors got their team right back on the winning track. First, Anthony Herrera put together a dominating performance against Tooele’s Carlos Martinez-Coronilla at 138 pounds, pinning him with 5:06 remaining.

Tooele’s Eli Nessick (right) looks for an opportunity for a takedown during the 132-pound match against Stansbury’s Blake Milka at Stansbury High School on Thursday. Nessick won the match 6-2. (TAVIN STUCKI)

Cowboys hold off Judge’s late rally for region win

Graniteville’s girls basketball team improved its game on the road to become more consistent, a key element for the Bulldogs to advance to region championships.

Grantsville survives as Cowboys hold off late rally

The Cowboys held off the late rally to win 56-53 on Friday in Salt Lake City.

The Cowboys raced out to a 12-0 lead following the first 1:15 of play, led by as many as 15 during a 20-7 first quarter. "It’s nice to have our team out there to see if we’re both is better in the first half,” Graniteville senior guard Ryan Porter said. “As the game went on, we didn’t know if they’d have some kind of break or not. They picked up their game, used some defensive intensity, and it wasn’t good enough, as they were scoring buckets.”

Judge was held to 13 points in the first half before putting up 17-13 in the first two quarters.

Bulldog junior guard Mack Tarver scored 18 of his game-high 24 points in the second half, including 11 during the third quarter. He converted a three-point play to pull Judge to a single-digit deficit throughout the quarter, then hit a long 3-pointer minutes later to close within six.

"We lost that (Turner),” Porter said. “We were keeping him somewhat contained in the first half, but then the second half, we let him go off.”

Judge coach Brandon Eadieps got an abundance of players in for a key to the region, with the Bulldog’s lead to seven with 3:10 to play, and Marksmen guard Dominick Hunt hit a 3-pointer the next time down the court to cut it to 41-37.

A few minutes later, Eadieps scored an inside, and Banks hit the on-ball pass for a key to the 45-39 Granites.

In a minute remaining, Turner took and scored a 3-pointer, but the Bulldogs’ lead remained at six. The Bulldogs’ senior guard Clay Johnson then hit him on the 3-pointer.

"It felt like defensive intensity was there a lot better in the first half,” — Ryan Potter, Graniteville coach.

**Philadelphia (AP) — Nick Foles made the top play in the top game and made one big throw after another.**

On the biggest stage of his life, Foles, the journeyman who knows the Eagles better than anyone else, showed why he is one of the NFL’s top quarterbacks.

The quarterback the Eagles used to cut, then re-sign, then watch sit on the bench for three years. The one who finally got his chance this season when starting quarterback Carson Wentz was injured. Foles threw for 311 yards, three touchdowns and three interceptions in Philadelphia’s 31-20 victory over the Falcons on Sunday. The Eagles (11-4) now have a first-round bye in the playoffs.

“Our offense was clicking today,” he said of the Eagles, who dominated the second half, scoring 21 straight points to close out the game. “We played really well, and that made me feel really comfortable.”

Foles adjusted to the Falcons’ pass rush and skill players, especially after Wentz was able to return to the lineup. Wentz wrenched his left ankle in the second quarter and missed the rest of the game.

Foles then directed a 60- yard drive in 29 seconds to set up a field goal before halftime. He led a 59-yard TD pass to Torrey Smith off a fake fourth-down play just a moment later. Smith, playing for the first time since breaking his foot in Week 5, caught Foles’ touchdown pass to make it 38-7. In the second half, Foles directed a 60-yard drive, which ended with a 1-yard TD run by Mark Sanchez.

His ability to use his arm and legs and avoid certain plays proved useful as the Eagles (11-4) up their 12-9 lead in the NFC championship game Sunday.

Now he’s headed to the Super Bowl and ready to play the New England Patriots for the title.

“Words can’t describe what I’m feeling right now,” Foles said. “I had 98 passes to God. I’m grateful and humbled to be a part of this team. It’s one in a million. It’s special. We keep working, I got more ready. I got more ready. It’s a special thing to do.”

Foles said he was prepared for the top defense. He tossed a perfect 53-yard touchdown pass to Jeffery over the Vikings’ top-ranked defense. He tossed a 49-yard TD pass to Torrey Smith off a fake fourth-down play just a moment later. Smith, playing for the first time since breaking his foot in Week 5, caught Foles’ touchdown pass to make it 38-7.

The next day at practice, he fired a 49-yard TD pass to Jeffery over the Vikings’ top-ranked defense. He tossed a perfect 53-yard touchdown pass to Jeffery over the Falcons. The Vikings (12-4) had been the losing team for three straight weeks.

the normal January mark of 19 inches, he said. Slagle's normal January snow level of 10.1 inches, he said, was enough to cover all but a few spots north of the mountains.

Tooele County saw changes to total 2016.

"I don't think anything of this magnitude (storm) has ever happened in January last year," he said.

"We've had some decent snowfall — we've had some very good days. We've had a lot of snow," he said. "But it's not as remarkable as last year."

"And this year, I'll give it another chance," he said. "But if we get a few inches, we're going to be recording the normal January mark of 10.1 inches."
Tooele County’s top high school swimmers are preparing for the upcoming region and state meets, with many having already recorded some of the fastest times in Utah this season.

Graniteville freshman Hadlee Begay has taken Class 3A by storm in her first season of high school swimming, recording the fastest time in the classifications in four separate events. Her highlights include a time of 5 minutes, 16.48 seconds in the 500-yard freestyle — a Leigh Pratt Aquatic Center pool record and the fastest time in 3A by nearly 20 seconds.

Meanwhile, Stansbury senior Zaxton Hillman finds himself among the 50 fastest times in Class 4A in six events, including top-20 times in the 200 free, 50 free and 100 free. Tooele’s Hunter Sherwood is 13th in the 100 backstroke and Collins McEachern is sixth in the 100 breaststroke.

Tooele and Stansbury will take part in the Region 11 meet this weekend at the Leigh Pratt Aquatic Center, while Grantsville will travel to Kamas to take part in the Region 13 meet. Grantsville’s state meet is the following week in Heber, and Tooele and Stansbury will take part in the Class 4A state meet in Bountiful.

I've often wondered why they were left when all of the other bales were eventually stored.

If you could argue that those old bales are being stored as well. And, they are.

Now the sheep have moved on, or nutritious left deep in the core, or if there be anything sweet, green and being resilient to snap back when pushed. Circumstance will save us once good harvest has turned into something less nutritious, as well as repairs and being dark, outside and inside. We can be buffeted and challenged by others, just to survive. But there are areas and individuals who need nourishment, as well as repairs and mercy networks throughout the world. It means being able to have strength when facing the worst. It means being able to be tough as a human being. It's something for us to think about.

Yet, there is something to be said for becoming hardened on the outside while protected on the inside?

All Behind You, Winston
Churchill’s Great Coalition 1940-45

All Behind You, Winston tells the story of the men and women of Winston Churchill’s coalition government—men who stood Britain through its darkest hour, showing how they helped to win the Second World War. It explores the roles played by characters as diverse as the mercenary newspaper magnate Lord Beaverbrook, who supplied the planes that won the Battle of Britain; the pugnacious trade union baron Ernest Bevin, who kept the nation working; Lord Woolton, the minister for food—a man so wide-awake that he was dubbed ‘Uncle Fred’; and Sir John Beaverbrook, who supplied the planes that won the battle. Beautiful reproductions of 19th-century engravings chart the progress of military machines and tactics. A visual guide to the history of human conflict and technology.
